Pat – Tomorrow morning between 10:00 and noon would be the best time for Liz Fagen, Dan Wall and myself to discuss the technical portions of SGC's sampling plans for next week. It would be best to let Richard Sisk and Nathan Longenecker discuss any legal aspects of the Consent for Access separately. Please let Liz and I know if tomorrow AM works for SGC. Thank you.

**Subject:** Sampling points for Upper Animas Sampling Event, Week of May 11

Paula,

As discussed, the map and spreadsheet describing the sampling points for next week is attached.

The SAP and QAPP are also nearing completion and will be forwarded as soon as possible.

I'd like to discuss logistics with you later today, if you are available.

Thanks,

Pat
